[We have lately seen persons and heard accounts from that land of milk and honey and fat cattle. Southern Kanass that represent the shady side of the question. A large majority of the new coners are having pretty rough sal shantles and tough grub. Men who left good arms and comfortable homes in Northern Kansas, to go lown where they could set out a pail at night, and find it rained full of greenbacks in the morning, are down to the bed-reck, and sighing for means to get back. Perhaps, in the course of a hundred years or so, people will begin to believe what we have continually told them—that they cannot find another country as good as Northern Kansas-and when they have a feethold here, to stick to it.

F Sheriff Maqitiken came up, on Saturday evening, in pursuit of a man named Johnson, who had hired a team and wagon at Troy, and skedaddled with them. We learn that a shooting scrape came off at High-and, one evening last week. Two men, named Rutherford and Neel, went to "Peter's," to strengthen their Greeles ism. There they met a negro, and undertook to clean his out. Rutherford made the first assault, and the negro fisored him. Neel then struck the negro with a revolver, when the latter dropped him likewise. Neel then got up and fired at, the negro, the ball barely missing him. The altereation was stopped without further damage.

STILL ANOTHER ARRIVAL—While leather is assuming such an important place in the Presidential convass, PHILIP KELLY is not unmindful that the people need shoe-leather. Accordingly, he has just received another heavy shock of Boots, Shoes, Gaiters, etc., for Summer wear, and thinks that he can accommodate any age or size with any quanti-ty of shoes they may need, from the beaviest and coarsest pegged boot to the finest slipper or guiter, or Dolly Yarden Shoe. He didn't say he had any Dolly Vardens; but we suppose, of course, there are Italy Varden Shoes—and if there are, Killly has them. His Plowing Shoes are some-thing new, that farmers should try. They are easy, stort, and so made as to exclude all dirt from the furrows. Call he has everything.

CAUTION.-Every gennine box of Dr. McLANE'S LIVER PILLS hears the signature of FLEMING BROS. Pitts-burgh, Pa., and their private U. S. Stamp. 17 "Take no other." The market is full of imitations.
